PRESS RELEASE
The J's Cultural Arts Theatre

Dear Ron and Larry,

JOCAT
Community Theatre
The J's Cultural Arts Theatre

I want to thank you for the incredible experience that J-CAT had in mounting and hosting The Black Jew Dialogues. The buzz has been continuously positive from all sides: the teens, the seniors, and the general audiences: all rave reviews and continuous discussion on the important themes and issues that were raised in the production.

Especially gratifying were the comments by the two school groups (for which he had received the grant). One all-Jewish group and one public high school theatre arts group... quite divergent audiences but a common positive reaction!

Of course, it was wonderful hosting the two of you personally as well and getting to know you both on a deeper level. Your commitment to your project/cause is to be admired; it is a real testament to *Tikkun Olam*, a true repair of the world... clearly, this world needs some fixing.
